

## LEAD HAZARD SERVICES

NeighborWorks® Rochester is committed to providing services and programs that promote safe, quality housing within the city of Rochester. As part of that commitment, NeighborWorks® Rochester offers high quality lead hazard services. These services assist property owners with identifying lead paint and with assuring that any hazards are safely addressed. The specific services that NeighborWorks® offers include the following:

<b>LBP Risk Assessment</b>	
Single Family	\$300.00
Each Additional Unit	\$200.00

<b>LBP Clearance</b>	
▪ 72 hour lab results	\$165.00
▪ 48 hour lab results	\$185.00
▪ 24 hour lab results	\$255.00
▪ 6 hour lab results	\$300.00
▪ 2 hour lab results	\$345.00

*Cost below includes \$75 service charge. Lab turnaround time begins when lab receive samples.*

<b>Lead Paint Inspection</b>	
Single Family	\$80.00
Two Family	\$140.00
Three Family	\$200.00

*The lead paint inspection includes testing 25 random surfaces in the desired location with the X-Fluorescent (XRF) gun. Price includes XRF readings report, complete with positive/negative indication, paint condition, lead depth index and total lead concentration. Additional surface testing is available at \$2.00 per read.*

For more information on these services call NeighborWorks® Rochester at 325-4170.

Prices effective as of February 1st, 2010
